

Elite Performance™ Windshield Washer Fluid – A New Standard in Washer Performance.

Nothing is more important in winter months than maximum freeze protection to prevent damage to wash lines and safeguard against windshield re-freeze. Unlike generic blue washes, Elite Performance Windshield Washer is independently tested to provide freeze protection to -20°F. Test results are available by calling our toll-free number and requesting the latest laboratory report. Don't take chances with generic washer products – Only Elite Performance Windshield Washer offers certified protection.

DIRECTIONS: Add contents of bottle directly to windshield washer reservoir. Do not dilute.

Spring, Summer, Fall: To remove dirt and road grime, apply liberally to windshield. Baked on residue may require other means of cleaning. For added cleaning action, use **Elite Performance BugOff™** Washer Cleaner with powerful cleaning agents to cut through bug splatter, tree sap and bird droppings.

Winter: Be sure defrosters are operating when windshield washer is used during freezing temperatures. Apply liberally to remove light frost, salt and road grime. For severe weather protection, use **Elite Performance IceMelt™** Washer De-Icer to remove ice and protect against windshield re-freeze to -35°F.

DANGER ☠ **POISON**
VAPOR HARMFUL, FLAMMABLE, MAY BE FATAL OR CAUSE BLINDNESS IF SWALLOWED.
CONTAINS METHYL ALCOHOL (CAS #67-56-1)
CANNOT BE MADE NON-POISONOUS.
KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Avoid contact with eyes. Do not swallow. Use only in well-ventilated area. Keep away from heat or open flame. Do not store in open or unlabeled containers. Store and transport in an upright position and ensure that cap is in place and tightened.

FIRST AID: If swallowed: Give 1 or 2 glasses of water. Call physician, hospital emergency room, or Poison Control Center immediately for instructions to induce vomiting. When medical advice is not available, induce vomiting with finger or back of spoon. Get prompt medical attention. In case of contact with eyes, flush thoroughly with water for 15 minutes. Get prompt medical attention.

Elite Performance NonTox™ RV Antifreeze & Winterizer is ideal for all types of potable water plumbing systems and provides certified burst protection to -50°F to prevent damage to pipe lines and safeguard against rust and corrosion.

New **Elite Performance BugOff™ Washer Cleaner** is specially formulated with powerful cleaning agents to cut through bug splatter, bird droppings, tree sap and road grime to restore vision and clean to a streak-free shine.

New **Elite Performance IceMelt™ Washer De-Icer** will protect against reservoir freeze-up to -35°F, remove light ice and frost and guard against impaired vision due to windshield re-freeze.

Elite Performance Summer™ Warm Weather Washer Fluid has been formulated for warmer months when maximum freeze protection is not required.
