

**LAUNDRY USE**

Austin's A-1 Bleach is specially designed to work with your favorite detergent in providing a whiter, brighter, and cleaner wash in a way that no other additive can.

**ENHANCES COLD WATER WASHING:** A-1 Bleach gives your favorite detergent extra boosting power in cold water, a temperature setting where most detergents need a little help.

**SEPARATE YOUR WHITES FROM COLORS:** Safe for most fabrics, however do not use A-1 Bleach on silk, wool, mohair, leather, spandex and non-fast color fabrics. Always dilute A-1 Bleach with water before using on any fabric.

**BLEACH SAFETY TEST FOR GARMENTS:** Combine 1 tablespoon of A-1 Bleach and 1/4 cup of water to create a test solution. Use one drop from this solution on a hidden part of the fabric to check for any reactions to colors. Let the solution stand for 1 minute. If after blot drying there is no color change, then the article can be safely bleached.

**IN THE LAUNDRY:** Remove stains from food, soil, scorch or mildew by pretreating stained fabric with a solution of 1/4 cup of bleach to 1 gallon of warm water and soak for 5 minutes.

**AT WASH TIME,** add the right amount of A-1 Bleach and detergent to the water before putting the laundry in. For best results, dilute A-1 Bleach with a quart of water and add 5 minutes after the wash cycle has begun. Never pour bleach directly onto the clothes. With automatic bleach dispensers, carefully follow the manufacturer's instructions.

**TO HAND WASH,** combine A-1 Bleach with 1 gallon of warm water, immerse for 15 minutes, wash, then rinse.

**HOUSEHOLD USE**

A-1 Bleach is an effective deodorant and stain remover that is excellent for many cleaning purposes.

**KITCHEN SINKS:** Add 2/3 gallon of water to the sink. Add 1/2 cup of A-1 Bleach, let stand for five minutes. Drain and rinse the sink.

**BASINS, TUBS and SHOWERS:** Applying a solution of 3/4 cup of A-1 Bleach and 1 gallon of water, wash for at least two minutes. Let stand 5 minutes before rinsing.

**TOILET BOWLS:** Pour 1 cup of A-1 Bleach into bowl. Brush solution over all inside surfaces, let stand for 10 minutes and flush.

**GARBAGE CANS:** Mix 1 to 1 1/2 cups A-1 Bleach with 5 gallons of warm water, and wash surfaces. Soak for 10 minutes, and let dry. Do not rinse nor soak overnight.

**OUTDOORS:** Mix 1 cup of A-1 Bleach with 2 gallons of water to remove stains from mold and mildew on siding, brick, tile, shingles, and wood decks. Spray or brush on, wait five minutes and rinse. Be careful not to apply to vegetation.

**Measurements**

**Regular Top Loading Washer** Add 1 cup

**Front Loading Washer** Add 1/2 cup

**Large Top Loading Washer** Add 1-1/2 cups

**Hand Laundry** (1 gallon warm water) 1/4 cup

**For HE Machines:** Fill bleach dispenser to maximum level.

**Our Environmental Commitment**

- Not tested on animals • Safe for septic systems
- Bottle is coded for recycling where HDPE containers are accepted
- A-1 Bleach breaks down almost entirely to salt water after use

**PRECAUTIONARY STATEMENTS**

**WARNING:** May cause severe skin and eye irritation or chemical burns to broken skin. For prolonged use, wear rubber gloves when handling product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated.

**FIRST AID:** If in eyes: Remove contact lenses if present. Hold eye open and rinse slowly with water for 15 minutes. Contact doctor for further advice. If swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. If on skin: Remove affected clothing. Rinse skin immediately with water. Contact doctor for further advice or treatment.

Have the container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-866-359-5662 for emergency medical information.

**PHYSICAL OR CHEMICAL HAZARDS:** Mixing this product with chemicals (e.g. ammonia, acids, detergents, vinegar, bowl cleaners, etc.) or organic matter will release chlorine gas which is irritating to eyes, lungs, and mucous membranes, and could be fatal.

**ADDITIONAL CAUTIONS:** Do not use on antique porcelain or metal objects.

**STORAGE AND DISPOSAL:** Store this product in a cool dry area away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Unused product or diluted solutions that can not be used should be diluted with water before disposal in a sanitary sewer. Do not contaminate water, food, or feed by storage, disposal or use of product. If empty, do not reuse this container. Place in trash or offer for recycling if available. If partly filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
