

Instructions

Standard Dosage: Use 1 fl. oz. of Chitosan Clarifier for Spas for each 500 gal. of spa or hot tub water. No premixing required.

Cloudy Water Dosage: For especially dirty or cloudy water, double or triple the standard dosage.

DIRECTIONS FOR USE

Weekly Maintenance: To keep spa water clear, use Chitosan Clarifier for Spas once a week at the standard dosage. For spas that get heavy use or for commercial spas, Chitosan Clarifier for Spas may be used twice weekly at double or triple dosage.

1. Make sure filter is clean and all equipment is working properly.
2. Squirt the calculated amount of Chitosan Clarifier for Spas into spa with filter running and jets on high. Run filter system continuously for at least one hour after application.

Use as directed. Extremely slippery if spilled.
